

General Services Administrative Government Wide Acquisition

About SBAlliance

SBAlliance provides professional management and technical consulting services focused on solving our client's most difficult demands. As a Small Business Joint Venture, we offer both proven methodologies and innovative solutions that are flexible enough to accommodate evolving environments, yet structured enough to provide strong management principles that ensures the successful delivery of services to our client's business and technology requirements.

SBAlliance was created in 2006 as a Joint Venture (JV) for the purpose of meeting the requirements of the General Services Administration's Alliant Small Business Government Wide Acquisition Contract. The JV consists of four accredited small business companies, with a combined experience of 75 years of successful delivery of services and solution to government customers. Our business model provides SBAlliance the advantage for agile responses, reach back and cohesiveness of skill-sets required for the delivery of cost-effective and timely services.

Our philosophy of providing customer satisfaction is based on our demonstrated ability to actively engage as a partner with our clients, to fully understand their business needs, and to provide enterprise wide solutions accompanied by technologies to support those needs. Combined with our management knowhow, ensures the successful delivery of cost-effective and timely services.
